Please pay attention! This is not a shrink wrap roll.

A diagram of a light blue cylinder. To the right of the cylinder, a vertical double-headed arrow indicates the height, with the text "300mm" next to it.

ANTI-FOG VEGETABLE BAG

Highly transparent, high quality, with thicknesses of 20 strands and 25 strands. Perforated or printed can be customized, various sizes can be customized.

Usage: Can be used to package various vegetables, and fruits will not fog up.

PRODUCT DESCRIPTION

Features: High-quality anti-fog fresh-keeping bags, which can maintain the freshness of vegetables and fruits for a long time and prevent vegetables and fruits from spoiling. It can also significantly extend the shelf life of fresh fruits and vegetables and preserve the original good quality of fruits and vegetables.

Advantages: When you go to the supermarket to buy vegetables, do you often come across this kind of foggy bagged vegetables, which are looming and you can't see what the vegetables look like? Ordinary fresh-keeping bags are prone to fogging, which seriously affects the sensory experience of consumers. Therefore, some manufacturers punch holes in the fresh-keeping bags to reduce the degree of atomization in the bags. Perforated fresh-keeping bags will reduce atomization, but they lose the value of the fresh-keeping bags. preservation effect.

OPP DIE CUT HANDLE BAG

High quality 40 silk OPP buckle handbags, also called die-cut handle bags, highly transparent, specifications and thickness can be customized.

Purpose: A very beautiful handbag, suitable for corporate or individual businesses to promote and recommend goods or products.

PRODUCT DESCRIPTION

Features: Easy to carry, because the edge sealing is a flower knife, the opening is not easy to break, the load-bearing capacity is strong, and the edge sealing is firm. Simple and elegant, easy to carry, and dustproof in appearance, it is the first choice for small items.

SPECIFICATION

Technical drawing of a rectangular sheet with a rounded rectangular hole. The sheet dimensions are 230mm (width) and 380mm (height). The hole dimensions are 75mm (width) and 25mm (height).

OPP HEADER BAG

Highly transparent, high quality, OPP hanging bag, thickness, size, printing pattern can be customized, hanging plastic hanging bag with clip head, can be hung on a hook, most suitable for store product display, good display of goods, effective use present space.

PRODUCT DESCRIPTION

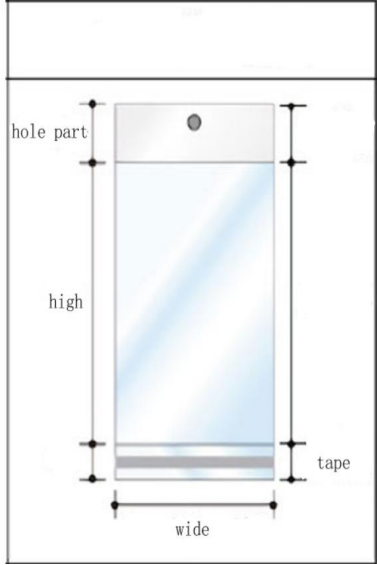

Usage: Hanging hole bags are very suitable for storing various gifts, daily necessities, office supplies, daily necessities, etc. The items inside can be clearly seen for easy display.
